Welcome to Soldiers Field Park
Here is some information to get you settled in your new home. Once you have connected to the Internet you can get additional information about living in Soldiers Field Park on the resident section of our website.

Contact us at us huh_sfp-owa@harvard.edu or 617 495-2154.

Connecting to the Internet
Internet access in apartments and common areas are provided by XFINITY wireless service. The xfinity flyer has information about creating an account (including the network and network password) and registering your devices. Please call the Comcast Support Team at 866-848-0281 if you need help setting up your account and logging on.

Apartment and Building Access
The Property Management Office will provide a temporary building access card for each tenant and authorized occupant who does not have an active HUID. Apartment key fobs and temporary building access cards will be placed in a lock box and we will send you pick-up information prior to your arrival. Please contact us when you have received your ID so we can program it for access.

Harvard University Parking Services
Visit the Parking Services website or call 617 496-7827.

Laundry Facilities
There is a washer and a dryer in your apartment. Please read the operating information before using them. There is also a small common laundry room with commercial-size washers and dryers located in Building 2. See site map for details.

Help Us Stay in Touch
Email is our primary method of contacting residents and their emergency contacts, so it is important that the email addresses we have on file are current and checked frequently.

- To update your email address, if needed, please log in to the Resident Portal.
- To change your emergency contact information please send an email to leasing@harvard.edu.

Safety Information
Please carefully read the important Safety First information. We recommend that you review the evacuation route on your door and develop your own emergency action plan.
Recycling and Trash

Small Recyclables and Household Trash

- Please review the recycling guide.
- Entries 1, 2, and 6: Trash and recycling chutes are located on all residential floors.
- Entries 3-5 and 7-15: Use the trash/recycling room (6-162), accessed by the door across from Entry 11.
- All SFP residents may use the trash and recycling center located in the SFP garage, opposite the Entry 2 common room.

Please help maintain a clean and effective recycling system

- Remove the following from containers and boxes before recycling:
  - Food residue and liquids (to avoid odor issues).
  - Styrofoam and plastic wrappings/liners (not recyclable).
- Flatten items the best you can to maximize space.
- Do not use plastic bags to dispose of your recycling – they are not recyclable and contaminate the recycling.
- Small cardboard boxes can be flattened and left in the recycling area.

Oversized Recyclables

- There is a dedicated trash and recycling room in the parking garage across from Building 2. Please use it to recycle large cardboard boxes and other oversized and heavy items such as laundry baskets and books.

Recycling on the Go

- To make it easy to recycle on the go, we have installed Big Belly recyclers on the property. Please enjoy the convenience of these bins but use your building’s main recycling setup to discard your household items.
